CC	15C	902.75 - 927.25	1.0		

Power output listed is peak conducted. The antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter except in accordance with FCC accepted multi-transmitter procedures. End-users and installers must be provided with antenna installation instructions and transmitter operating conditions for satisfying RF exposure compliance.

This device is required to be professionally installed by a properly trained technician.

CC: This device is certified pursuant to two different Part 15 rules sections.
